

# Infant Room

## Monthly Theme Newsletter

April 2020

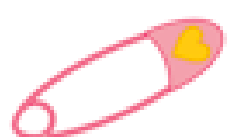

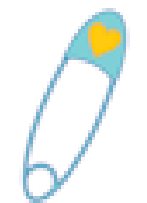

Hope everyone is doing well and staying healthy and safe during this difficult time. We miss you all very much and we cannot wait to see all our wonderful babies again very soon. The themes of the month would have been Spring, and Easter. We would have had a variety of theme related art projects Our older babies would have had a blast making rainbows with glue and tissue paper, bunnies with cotton balls and making a mess using paint, crayons, and dot markers. Even our younger babies would be in on all the action with handprint baby chicks and footprint bunnies.

Happy 1st birthday to all our April babies

Hoping to see you very soon going a little bit crazy 😜 stuck in the house as I'm sure all of you are as well so until then stay healthy, happy, sane and safe we are all in this together. ❤️

## Monthly Theme Newsletter

May 2020

Hope everyone is doing well. May will be a busy month Our themes for the month are Animals, Spring, & Dinosaurs. We will have plenty of fun working on a variety of theme related art projects, read books on animals and sing animal songs. The babies will also work on a special Mother's Day project. Now that Spring is officially here, we will hopefully get to play outside with the opening of our deck and stroller walks for fresh air (weather permitting) We ask that you please provide a jacket for your child for outdoor activities.

Happy 1st Birthday to all our May babies
