

About Our School

The Nursery School of Christ Church was founded in 1967, and currently serves over 100 children. It is a New Jersey licensed, full day pre-school and child care program for infants from 6 weeks to 6 years. Open year-round, our program is designed to meet a child's educational, emotional, and spiritual needs through a developmentally appropriate curriculum. As a direct ministry of Christ Church, all are welcome in our school.

Testimonials

We have been NSCC parents for 10 years. As working parents, we have peace of mind knowing that our children are well-cared for while having the opportunity for age-appropriate learning and play. Our oldest began in the infant room ten years ago. The same caregivers were there five years later when our twins entered daycare, and those caregivers are still there today! We feel like the staff at NSCC is our extended family. — [Tammy & Rich](#)

My son loves the Nursery School at Christ Church. The teachers are so dedicated and second to none. He adores them. He is provided with many learning opportunities including music, foreign language and art, not to mention the socialization with the best friends he has made. The School also has a huge gym and a playground for play and exercise. I can't wait for my second son to begin! — [Colleen S.](#)
